## Technical Suggestions

To get the most out of your garment, please read the following suggestions:

**1.** Wash the clothes in lukewarm water for the first two washings. **2.** Do not soak clothes in water for long periods of time. **3.** Only when necessary, use a small quantity of bleach (maximum proportion of 2%) on whites and not on printed fabrics. Confezioni Mevi is not responsible for fading or wear of fabrics as a result of inappropriate use of chemical products. **4.** Do not rub or brush printed fabrics or clothes. **5.** Pure cotton will have a shrinkage max of 3%. **6.** How to iron: use low temperatures for mixed and synthetic clothes. Use higher temperatures for cotton fabrics. **7.** In order to avoid deterioration of fabrics, do not remove stains locally. **8.** Zip up all closures before washing garment in the washing machine. **9.** Never place zippers near or in contact with heat sources.
